# Completing a Practice Question Set

## In-question features

To help you complete the Practice Question Set, use the following features:

- **Timers:** There are two timers at the top of the page:
  - The first timer indicates the time that you have spent on a single question (Number 1 in Image 4).
  - The second timer indicates the amount of time that you have spent on the entire set of questions. You have unlimited time to complete the Practice Question Sets (Number 2 in Image 4).
- **Pause Exam:** You can pause the timers by using the **Pause Exam** button (Number 3 in Image 4).
- **Report Content Errors tool:** If you think there is an issue with a question, you can report it to AWS. To do this, do the following (Number 4 in Image 4):
  - Choose **Report Content Errors**.
  - Choose the type of issue.
  - Enter a detailed description in the text box.
  - Choose **Submit**.
  - **Note:** Do not include personally identifiable information (PII) in your report.

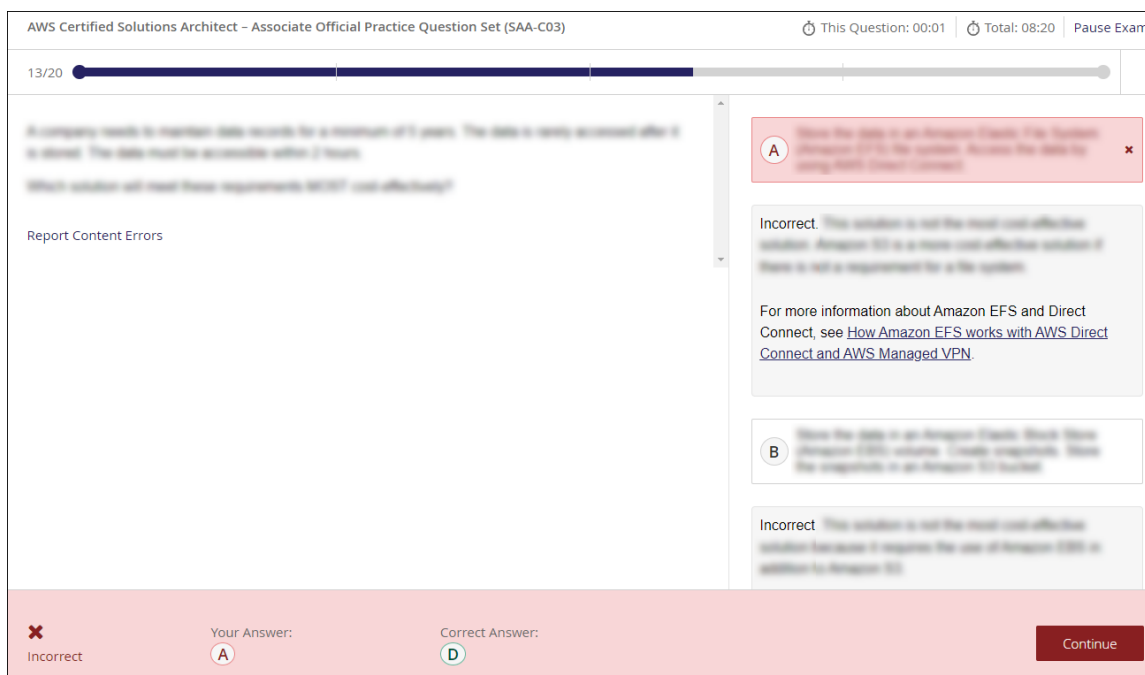

Image 4

## Question feedback

While answering questions, you will receive feedback about each response. This feedback identifies correct and incorrect responses and provides recommended resources to expand your understanding of key topics.

Image 5

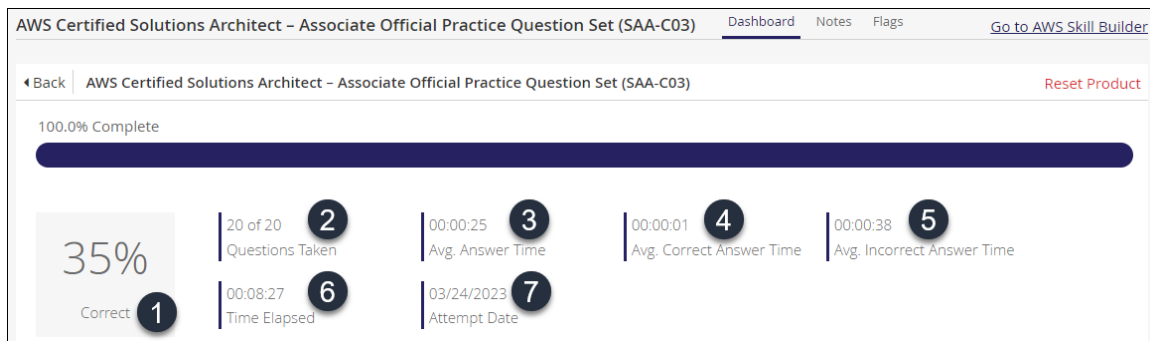

# Reviewing your results

## Scoring reports

After you complete the Practice Question Set, you will see a score report with basic results:

- Percentage of questions that you answered correctly (Number 1 in Image 6)
- Number of questions that you answered (Number 2 in Image 6)
- Average time it took you to answer each question (Number 3 in Image 6)
- Average time it took you to answer a question correctly (Number 4 in Image 6)
- Average time it took you to answer a question incorrectly (Number 5 in Image 6)
- Total time it took you to complete the question set (Number 6 in Image 6)
- Date you completed the attempt (Number 7 in Image 6)

### Image 6

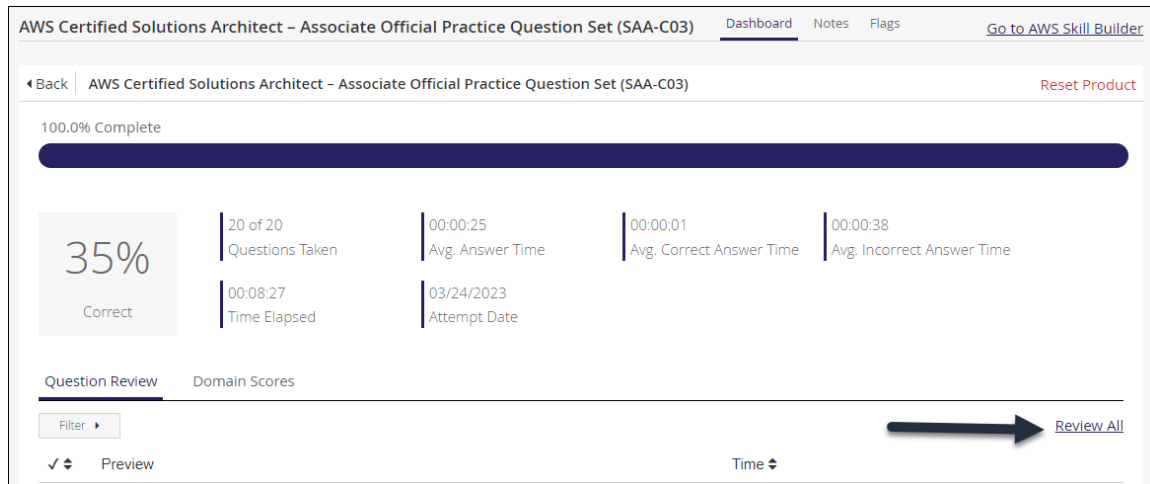

# Reviewing questions

From the score report, you can choose to review your results in one of the following two ways:

1. **Review all questions:** This gives you the ability to review all questions in the Practice Question Set.
  - To review all questions, do the following:
    1. Choose **Review All**.

Image 7

2. **Review specific questions:** This gives you the ability to review specific questions in the Practice Question Set, categorized by correctness, domain, or bookmarks.

- To filter for specific questions, do the following:
  1. From the dropdown menu, choose **Filter** (Number 1 in Image 8).
  2. From the **Correctness** and **Domain** dropdown menus, choose your options (Number 2 in Image 8).
  3. Select **Has a bookmark** to view only questions that were bookmarked (Number 3 in Image 8).
  4. Choose **Filter** (Number 4 in in Image 8).

Preview Time

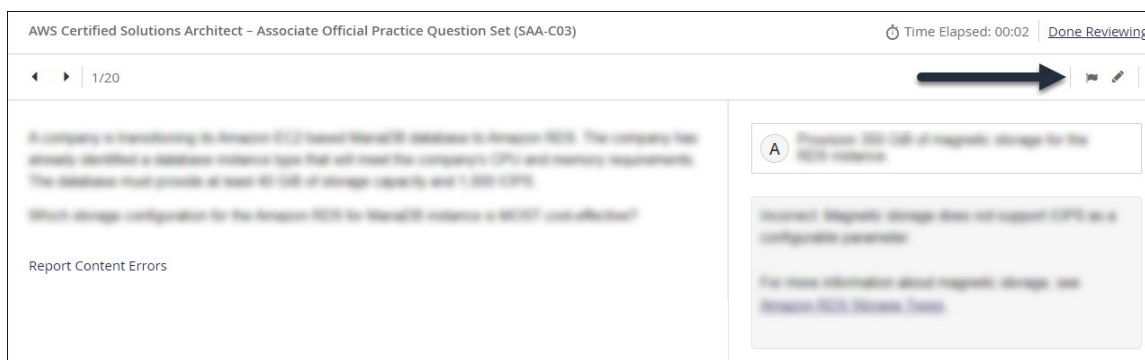

- After you choose your filters, you can choose one of the following two views:
  - Review all questions that meet your criteria by choosing **Review All** (Number 1 in Image 9).
  - Review only specific questions by choosing **Review** for each individual question (Number 2 in Image 9).

Image 9

As you review each question, you have the option to bookmark (flag) it and add notes.

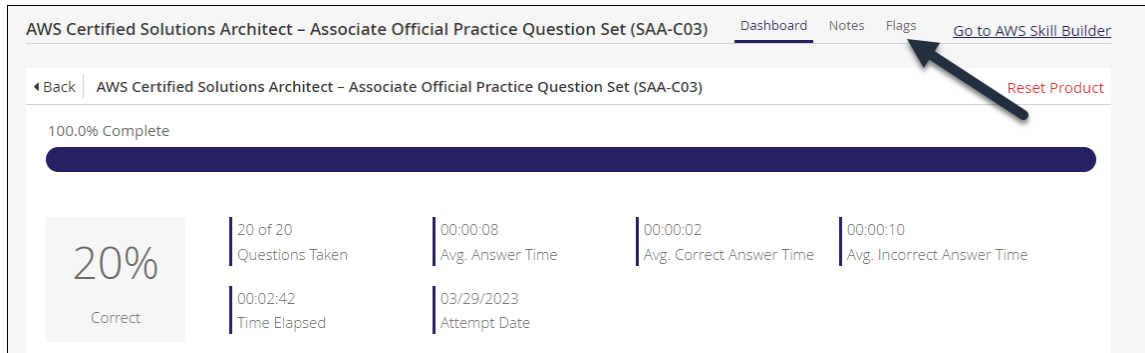

Image 10

You can then review all bookmarked questions and notes from the product dashboard.

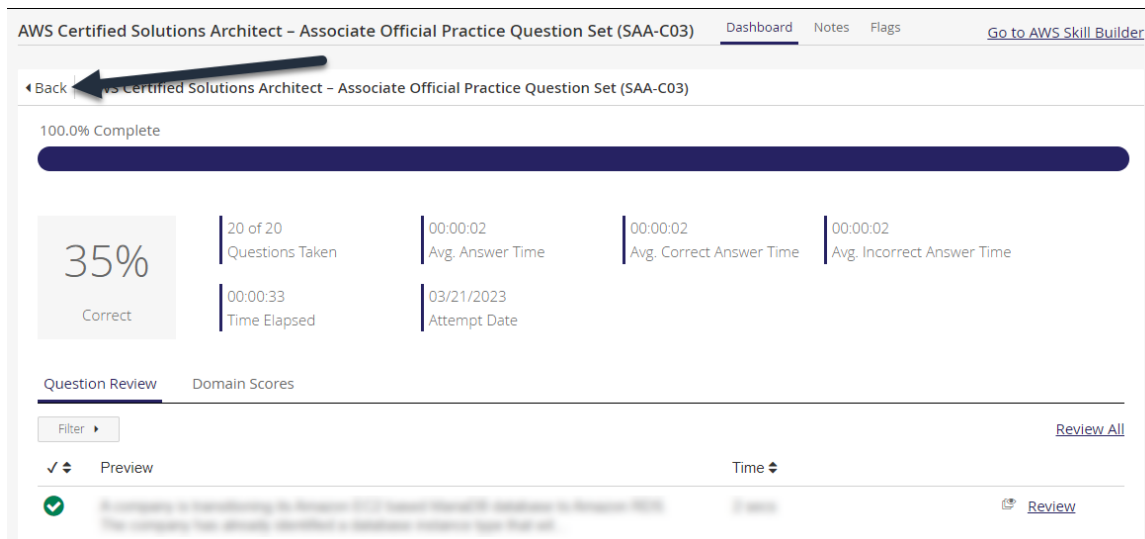

Image 11

# Retaking a Practice Question Set

After you have completed the Practice Question Set, you can choose **Back** to return to the product dashboard.

Image 12

From the product dashboard, you can choose to review your score report from your most recent Practice Question Set attempt or reset the Practice Question Set to retake it.

## Resetting a Practice Question Set

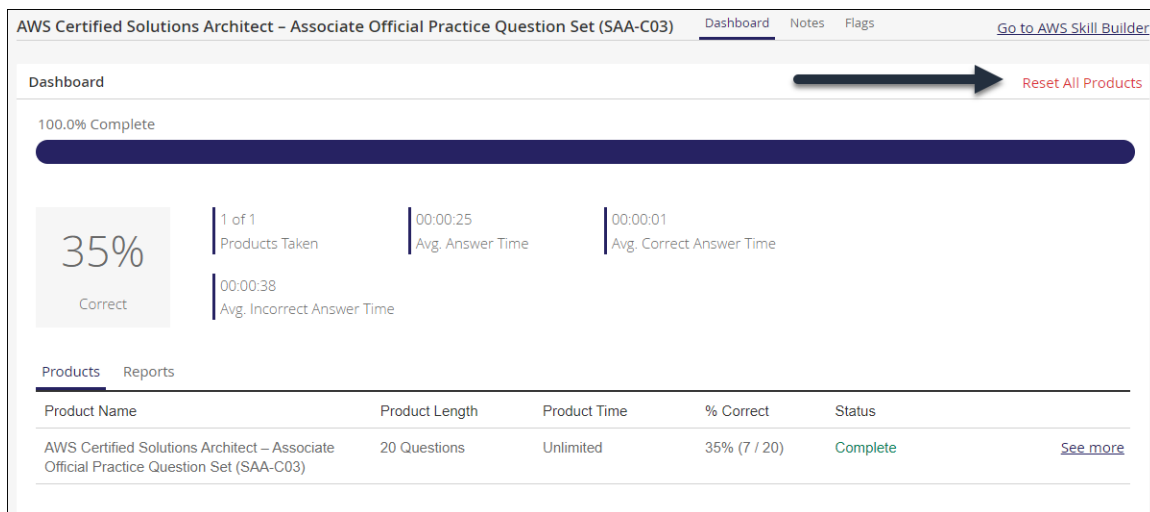

Resetting a Practice Question Set in the product dashboard moves your most recent score report to the Previous Score Reports section of the product dashboard, and makes it possible for you to retake the Practice Question Set.

To reset a Practice Question Set, do the following:

1. From the product dashboard, choose **Reset All Products**.
2. In the pop-up box, choose **Confirm**.

Note that resetting the Practice Question Set will not erase your score report. Your score report will be saved on the product dashboard for you to access.

Image 13

After you reset a Practice Question Set, your most recent score report will be added to the **Previous Score Reports** section of the product dashboard. All previous score reports are saved in this section and can be referenced any time.
